

FTMAustralia – Information sheet 2009

FTM Australia is a membership-based network which has offered contact, resources and health information for men identified *female* at birth, their family members (partners, parents, siblings and others), healthcare providers and other professionals, government and policymakers since 2001.

This Australian-wide network is coordinated by Craig Andrews, with the input of members and guided by an ad-hoc Advisory Panel of health and legal specialists. We aim to inform the public of the issues surrounding transsexualism in men (*female-to-male*).
